## A Magician with His Camera

He sits upon his small, plastic lunch bucket at the perimeter of the field, camera aimed, fingertips at the ready; he clicks the camera's button. That's when Marshall Smith and magic meld into one. The images that explode onto his camera lens are directed there by a keen, creative eye. The end product is the world of disc dog and all its players beautifully documented for all time. For many, many years Marshall has given the world a magical, brilliant testimony to the sport of disc dog with his camera, and this photographer extraordinaire does this strictly from the goodness of his heart. There are those who brave disc dog's freestyle division just so they and their dogs can be photographed by Marshall. It seems so inadequate to text a single, silent "Thank You Marshall." So when you read this, stand up where ever you are and shout for all to hear THANK YOU MARSHALL!! Editor

## MEET SHERIDAN GILCHRIST

*This article is a continuation of a series of Indy Dog and Disc Club Newsletters that have officially introduced outstanding members to our club. Editor*

What can I tell you about Sheridan Gilchrist? Well there is a plethora of positive material in Sheridan's dossier. Let's start at the beginning. God gave Sheridan ***a deep compassion and desire to help those creatures that need our help the most.*** She is a hard worker who takes her commitments seriously. If don't know this fact, you have been sleeping under a rock. I think you will be pleasantly impressed as the article goes forward.

**The Stats:** Sheridan Gilchrist hails from the Chicago suburb of Glen Ellyn, Illinois. She is the oldest of three daughters. Her son, David, celebrated his 24<sup>th</sup> birthday this year, 2012. Sheridan has been employed with the Future Farmers of America in Indianapolis for ten years. She is their Senior Team Leader for Customer Service. She loves the color blue and anything chocolate. One of her favorite modes of relaxing is hanging out with her dogs on a beautiful afternoon while puttering in her yard, with a glass of iced tea near by. Sheridan is enamored with the German Shorthair Pointer Breed.

**The Person:** In the past two years Sheridan has volunteered with the Illinois Shorthair Rescue. She fosters and transports rescued German Shorthair Pointers to Chicago. In the 1970's she was introduced to her first of many German Shorthair Pointers. A sweet gal she named Sally. Sally was great with kids. With the help of Sheridan and a Frisbee, Sally entertained and delighted school kids for many years. Next came a duo of German Shorthair Pointer hunting dogs named Jady and her daughter Blaze. They were Gilchrist family members for fourteen happy years. Through the years that followed, Sheridan opened her tremendous heart, wallet and door to many needy dogs. She didn't gravitate to only healthy dogs. Many of her personal dogs are needy rescues with serious health issues...Dogs that very few want to take on personally. These dogs are consequently destined to be euthanized. Many of us have met Sheridan's Roxie and Sierra. They were mixed breeds. Roxie was a Frisbee dog. She developed Cushing's and Pancreatic Insufficiency. Sierra developed a heart condition and wore a pacemaker. Sierra passed away in August 2012, and Roxie in 2011. Next came Bella, a Cattle Dog mix, who also had a heart condition and wound up with a vascular plug that corrected her condition. Thanks to Sheridan's guidance and God's will she was given many quality years on earth in spite of her challenges. Sheridan's next personal rescue was a dog in his twilight years. A 12 year old dog named Hunter. In the system, Hunter would have been euthanized long ago, never knowing love or any heightened quality of life. He was battling seizures, deafness, a large non-cancerous tumor and Cushing's disease. Sheridan stated: "One of Hunter's joys in life was rearranging her books into tiny pieces." I suspicion Hunter felt that any good read should last a little longer (bit by bit). He lived two more years under his master's tender wings. All of the dogs above had one valuable gift in common; Sheridan. This compassionate lady stands deservedly with all those who strive to give needy animals much love, a better quality of life, and comfort and dignity in life and death.

**The Club Member:** In 2005, Sheridan decided to investigate the Indy Dog & Disc Club. She attended a club play date at Eagle Creek Park in her current hometown of Indianapolis, IN. Soon after, she joined IDDC. In 2006, Ron King, club president at the time, was in need of a scorekeeper for his competitions. Sheridan volunteered. This was the start of much club volunteering for Sheridan. She joined the IDDC Board in 2008 sharing the position of Event Coordinator with Carol Herbertz. In 2011 she took on the position solely. In 2010, Sheridan took on the huge task of hosting the IDDC Gretchen Invitational competition held in Kokomo, IN. She continues to do so. This year, 2012, she volunteered to host another club competition, the Skyhoundz North Central Regional held in New Castle, IN. Last Spring Sheridan also took over coordinating the IDDC play date sessions. This year Jeff Hoot took a much needed rest from his popular Quadruped. Gary Duke volunteered to step in for Hoot and Sheridan volunteered to help Gary by performing secretarial duties for the Quad competitions. This summer Sheridan traveled to all five of the competitions held in Kokomo, IN, Lakeland, FL, Houston, TX, Lawrence, KS and Denver, CO. That is a lot of time, effort and money on Sheridan's part, and she is one who never fails to step up and be counted. The Army would love Sheridan and they would be very lucky to have her!!!!!!

Today Sheridan is enjoying four dogs, German Shorthair Pointers. Darwin, is 7 years old and enjoys agility. Bruno, whom most disc doggers know is a lovable, easy going, handsome Pointer who is right at home on the field with his pink discs, pink panther music and his mom. Sheridan rescued Bruno from an excellent canine training program conducted through the penal system. Bruno recently retired from the sport of disc dog but occasionally delights us with his performances at IDDC Shows. Sheridan has brought on board two young foster dogs to take up Bruno's gauntlet. Ryder is 2 years old and Stryker is 1½ years old. They are packed with personality and have a penchant for the disc.

## A Team's Precious Gift of Love

Whenever Canada's Angela Ewtushik and her 7year old Pyrenean Shepherd, Rally, came to the states to compete; you knew you were in for the ride of your life. This special, talented dog always gives all he has and then some. When you put Rally and Angela together you have a winning, entertaining two minutes on the field!!!! Rally has a personality that smacks of rakish charm, grace and intelligence. The first time Angela introduced Rally to an IDDC competition I was smitten! I couldn't get enough of this cool team.

Last summer Angela was given the blow of her life. Her beloved Rally was diagnosis with a terminal brain tumor and his prognosis was a bleak 3 to 7 months. Rally has been hanging in there these first three-months. Angela suspects Christmastime might be hard. She could have put a protective cocoon around Rally, nestled him in his cozy bed, hung up his Frisbees and sat down to wait. However, this wise lady knew that as long as Rally was able to chase the disc that is what he would want to do and she set out to do just that! That decision has proved more then good for both Angela and Rally. Rally has been competing under mom and his Vet's watchful eye. Angela has given her sweet boy the continued loving gift of Frisbee and that gift is helping keep Rally strong and happy so he can

give back to mom the loving gift of time!

Recently I e-mailed Angela to ask about Rally's health. I acquired her permission to run her reply in the newsletter:

Pat,

He has surprisingly been pretty good lately. Although we are seeing a gradual progression in his symptoms (increased right hind weakness/balance), his spirits seem to be better and he is keener than ever to play frisbee, etc. He played in Bullseye today at the Discdogathon qualifier (happy to play) and is entered in D/A for Friday and playing Freestyle with Dennis' 5-year old daughter Mackenzie on Friday was well. Looking forward to seeing that! :-)

His hair loss sucks... pretty much no undercoat left and some small bald patches, but not "really" bad since his hair colour is similar to his skin colour. :-) His blood test results have been okay, but his WBC count has been on the low side. No other major side effects from the drugs, so that is good.

He was given a 3-7 month prognosis, and we are past 3 months now... hopefully they are wrong, but I suspect the end of the year will be tough for us. But we just keep enjoying each day we can with him and as long as he is happy, we are happy. :-)

Thanks for asking! That means a lot to know there are so many people that care.

## DID YOU KNOW

In the club's beginning, IDDC Charter Member Greg Million, proposed that an animal welfare fund be established. It was agreed upon by fellow members and a board position was established. It was named the IDDC Animal Welfare Fund. Greg held the post for several years. When he stepped down from the position he never stopped supporting the Welfare Fund and needy dogs in general. His spiritual and financial help for homeless and sick dogs has always been unwavering. At the 2012 March board meeting the IDDC board voted to honor Greg by renaming the position the "Greg Million IDDC Animal Welfare Fund." You could definitely say, "Million is one in a Million!!"

The American Pet Products Association found that in 2011 Americans spent \$50.96 billion on pets. In 2011 people spent \$19.85 billion on pet food, \$13, 41 billion on vet care, \$11, 77 billion on pet supplies and over-the-counter pet medicines, \$2.14 billion on animal purchases.

**APP SNIFFS OUT PET-FRIENDLY PLACES:** Dog Park Finder Plus is an iPhone and iPad APP that lets travelers find and review dog-friendly (or unfriendly) places and services such as hotels, restaurants and dog parks. More than 6,000 dog parks and beaches and 12,000 restaurants are included. Use the search bar or click on "Browse" to find your location, then click "List" to scan icons for fenced or legal off-leash parks, restaurants, or less-than-friendly locations (look for the red slash). Cost: \$1.99 for iPad.

Club member Ann Briggs underwent knee replacement surgery September 11, 2012. She is out of the hospital and recuperating well at home. Her dogs Cappy and Daisy are a big comfort to Ann while she recovers.

## WORDS FROM THE PRESIDENT....

Hello IDDC Members,

Well, the 2012 Disc Dogging season is pretty much over for our club; but what a season it was. We had very good turnouts at all our events this year, as well as for the shows that we performed. The reason everything went so well is because of our wonderful member/volunteers. They worked so tirelessly all season.

First I would like to thank this year's Board of Directors for planning and guiding each of our events. Next I would like to thank each Event host for seeing that everything was taken care of, this allowed the Events to run so smoothly. My thanks to Danny Eggleston for the Pupsicle, Sheridan Gilchrist for the Quad and the Gretchen Invitational, Rick Kimball & Mary Jo Corso for the UFO Major and AWI Qualifier, to Sheridan again for the Skyhoundz and Disc Dog-a-Thon Regional. And finally to Rick again for the F2 Throwback, (in the mud) contest. I'm sure everyone had a good time at these Events because of all the hosts planning and organization.

Also for all the volunteers who stepped up to help out wherever needed at our competitions. They are too numerous to name individually. A big THANK YOU to you all! Your time and energy was greatly appreciated.

Now lets talk about the Shows we did this year. I believe we did eight in all. I frequently worried that we would only have a few people volunteering but I found out I didn't have to worry. It was very gratifying when the call went out for teams to participate at these shows and there was always enough people of varying skill levels responding. This permitted us to give folks a first class show. It was heartening to see some of our newer members honing their skills at these shows where they didn't have the pressures of competition to deal with. You guys are great! Thank you everyone!

And lastly I would like to recognize Sheridan for organizing and leading all the Training Sessions that were held during the year. She has worked tirelessly on this and I believe it has been a great help to many of the newer members and prospective members alike. Kudos to you, Sheridan!

It has been an honor being selected as your president this year and I hope I have met your expectations.

Sincerely,

**Don Lang**

### From the Nursery:

### "Trixie" Sweet as Hershey Chocolate.

It is common knowledge that Chip Hershey and his Aussie, Lexi, have been a tight union made in heaven, for nine wonderful years. No one dare encroach upon Chip's space without hearing about it from Lexi...Vice Versa. On August 2, 2012 that all changed when a smart, cute, sassy coquette sashayed over the Hershey threshold, wet bones, biscuits and chewed toys in tow and accomplished the impossible. She melted both Chip and

Lexi's hearts...I'm speaking of Trixie, an adorable 6 month old Australian Cattle Dog mix hailing from the Anderson, IN Shelter. Trixie is just what Chip has been looking for. He says, "She never stops, always on the go. She keeps Lexi and me young!" Chip is delighted that Trixie is developing a real drive for the disc. It isn't necessary, just a nice bonus. IDDC's Julie Rhea is Trixie's Godmother. She is the dear lady who led Trixie to Chip. There is a marvelous twist to this amiable union. Lexi and Trixie look so much alike that you would swear they were litter mates.

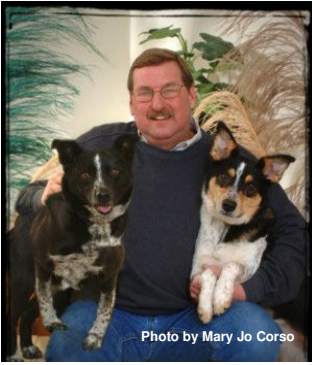

Lexi has he left work yet? Yep I hear dad's car!!

Trixie, pay attention and smile!

## A Message From Greg

This year at Fishers Freedom Fest IDDC Classic competition after party held at my home, I had the honor of having my name added to the IDDC Rescue Fund. I wanted to thank a number of people for a number of things but the microphone quit working. So I asked if I could write a note for the newsletter.

First of all I would like to thank all those who have assisted my parents over the years at the IDDC events they attended. When we pulled up, there were members surrounding us, ready to help before I even got out of my truck. For that I would like to say THANK YOU!!

My Mom loved dogs and really enjoyed watching the dogs compete. She did yell at me many times as a kid when I constantly brought home strays. But she really liked dogs. When my Mom passed last year, a collection of several hundred dollars was collected in her name to help the Rescue Fund. Nothing would have made her happier. For that I would like to say THANK YOU!!

We have a number of people in the Disc Dog world that do so much for animal rescue and welfare. I feel these are very special, selfless people who many times put these dogs before themselves. We all know who they are. Our Rescue Fund was established in their honor. The hope was this fund might reduce some of their out-of-pocket expenses. To these people I would like to say THANK YOU!!

And finally, I would like to thank IDDC for associating me with the Rescue Fund. Not only does this fund help those animals in need, but it also reflects the kind of people that are involved with IDDC and other Disc Dog and Rescue organizations. And one more time, I would like to say ....THANK YOU!!

Sincerely,

Greg Million

## IDDC President Wears Two Hats

This is Don Lang's first year as Indy Dog & Disc Club President and is doing an excellent job keeping members and club business a priority. Don has also stepped up to fill a vacant board position, Show Director. He is doing a beautiful job of it. IDDC has been busy all summer performing at all the gigs Don has booked for the club. In spite of the wicked summer heat, there was a big volunteer turn out to support Don's efforts and help fill the club's coffers. This summer's Show team regulars were Don and Alice Lang, Curt and Pat Daugherty, Sheridan Gilchrist, Sharon Galema, Julie Rhea and her daughter Margaret, Robin Herman, Tim Hartsock and his daughter Bailey. Chip Hershey, Mark Gose and Tony Hoard were able to come to a few of the shows and help Don carry the pro aspect to the agenda. Rick and Mary Jo Corso hosted two small competitions at the end of the season. Their efforts gave us a nice ending to the IDDC season. Thanks Rick and Mary Jo.

## The Story of Carmelfest ~ An IDDC Show

IDDC's Carmelfest Show is a wonderful example of how our members pull together when needed. Our Shows give you quality opportunities to perfect your competitive performance while also getting to know your fellow members in a social setting. They are loads of fun. You earn \$5.00 volunteer bucks for each Show you do, which can be used for club merchandise and entry fees. Below is a look inside a IDDC Show. I encourage you to check one out, first hand, in the 2013 season. I think you'll like what you experience.

### Carmelfest, July 3<sup>rd</sup> and 4<sup>th</sup>

The weekend temperature was a sizzling 105°. The humidity pulled the moisture from our sweltering bodies and stuck to our clothing like cheap glue. That didn't stop the IDDC Show volunteers from loading their dogs and crates in their cars, grabbing their fans, water supply and food provisions and heading for Carmel, IN and the 4<sup>th</sup> of July weekend, the town dubs "Carmelfest." Our teams were eager to entertain and earn money for the club. The bonus of any IDDC Show is always crazy fun with our dogs and lots of wonderful club socializing. At this Show there were a few rare, unplanned episodes. Let me articulate. On the first day of Carmelfest, the 3<sup>rd</sup> of July, club member Sharon Galema and her Aussie Cliffy decided to warm-up on the field before the first show. As they walked onto the field a hole jumped out, sunk its teeth into Sharon's ankle and threw her down on top of her small dog. While Cliffy yelped in pain some of our team scooped Sharon and her dog up and rushed them to a VCA hospital and a Veterinarian specializing in canine orthopedics. Cliffy's diagnosis was a dislocated hip. Meanwhile "**back at the ranch**" the show went on. Teams played to the crowd while ooohs and aaahs filled the air at every catch. Our next show, two hours later, was about to start when Sheridan Gilchrist decided to devote her attention to a banner problem at the back of the field. As she entered the field the ground spit out another hole that brought her to the ground, hurting her leg. She managed to get through the weekend of shows. Sharon also suffered from a sprained ankle. Both ladies were two sore puppies for several days. Cliffy on the other hand was high on drugs for a week. No hurting there.

After six weeks of his hind legs taped loosely together and crate rest Cliffy was released from his doctor's care with a good report and gentle pat on the head. His only restriction - no Freestyle until the 2013 Disc Dog season. And I'm happy to report the holes in the field didn't claim anymore victims the rest of the Carmelfest weekend. Chip Hershey & Lexi, Mark Gose & Colt came by to help us make our Show weekend complete. Lexi's wonderful performance proved this old gal still has it. Thanks guys for joining Don in adding the pro touch to the weekend.

Oh did I mention that the 4<sup>th</sup> of July is Sharon's birthday. Julie Rhea wanted to do something special for Sharon and she certainly succeeded. She went home after a wicked, hot day of disc dog performances and helping us tear down to bake Sharon the coolest flag sheet cake. She had huge strawberries (big as Volkswagens) as the stripes and lush blueberries for stars. Julie was so worried that the cake frosting would melt before it was all eaten. Not to worry...it was devoured in ten minutes flat, frosting intact!! Thanks Julie for going that extra mile for Sharon and the club. Julie was one of our hardest Show workers this summer. A very special thank you goes to Don, Alice, Sheridan, Curt, Sharon, Pat, Robin, Julie, Margaret, Tim, Bailey, and their marvelous dogs. These members braved the heat and hung in there all summer. You all are the absolute: "bee's knees"...translation: totally cool!

Sharon Galema  
Birthday Girl!

Before humans die, they write their last Will & Testament, give their home & all they have, to those they leave behind. If, with my paws, I could do the same, this is what I'd ask...

To a poor and lonely stray I'd give:

- My happy home.
- My bowl & cozy bed, soft pillows and all my toys.
- The lap, which I loved so much.
- The hand that stroked my fur & the sweet voice which spoke my name.

I'd Will to the sad, scared shelter dog, the place I had in my human's loving heart, of which there seemed no bounds.

So, when I die, please do not say, "I will never have a pet again, for the loss and pain is more than I can stand."

Instead, go find an unloved dog, one whose life has held no joy or hope and give MY place to HIM.

This is the only thing I can give...  
The love I left behind.
